**Subject:** Re: Mary Jane Roberts

That's too bad that nobody knows what happened to Mary Jane Roberts. She was a neighbor of mine and Kathy, and we frequently walked to school together during elementary, Jr. and Sr. high school. I don't even know for sure where she went to college, but I thought it was U of F. I never heard anything about her after high school. She was a loner as long as we knew her, and her parents were definitely "different", and much older.

Attached is a copy of Mr. Pelican's 8th grade homeroom class, and almost everyone in that picture graduated in '59. Mary Jane is the third one from the left in the second row.

I think I do remember that Naomi Waud was deceased from one of our earliest reunions. Attached is the page from the 10th reunion program. Also, attached are the Edison twosomes, and Jerry (class of '56) and aren't listed.
